## TRASHING THE CHURCH

Trashing those you disagree with is a common practice. It is heard in the political arena, the courts, and just about every area of life. It is not surprising to find it in religion as well.

The precious church of our Lord has been trashed (attacked, assaulted) since its beginning. When Paul called the chief of the Jews together to meet him in Rome, they came to him and said, *"But we desire to hear of thee what thou thinkest: for as concerning this sect, it is known to us that everywhere it is spoken against"* (Acts 28:22). The church was being trashed by its enemies.

When Rome burned during the rule of Nero, some accused him of being responsible for it. We have read that at the suggestion of his wife, he blamed the Christians and so the church again was assaulted which later resulted in persecution of the most horrible sort.

Dating back to the days of the restoration movement, the church has been trashed. Stories have been told in ridicule how members of the church think they are the only ones who will be in heaven. One familiar story is of a ship going to heaven made up of many different religions but they are cautioned against speaking to the little group from the church of Christ meeting by themselves because they think they are the only ones on the ship.

This can be expected from enemies of the church but now it is once again being trashed but by those who claim to be its members. The ship story is once again in vogue, and the church is held up to ridicule. However, instead of defending the truth, many members defend those who make the attacks.

We do not claim to know everyone who is going to be saved or lost. But we do know that "just believe anything" is not according to the teaching of the Lord. Remember, it was the Lord himself who said in Matthew 7:21, *"Not every one that saith unto me, Lord, Lord, shall enter into the kingdom of heaven; but he that doeth the will of my Father who is in heaven."* - George Pledger

[Note: Brother Pledger served as the Weber Road preacher from 1964-2010, 46 years. He wrote this article in September, 2005 and it is still appropriate for 2022.—Mark H]
