Sharing God's Word with Corpus Christi & the World

## The Vaccine

Since the pandemic is on most everyone's mind these days, the news of a Covid-19 vaccine has brought hope for the masses. No matter what you think about the new vaccine, there is no doubt that it will save the lives of many from a virus that has wreaked havoc across the globe. Lines are long to receive the shots required and with a 95% effective rate, we can hope the pandemic will be over and our lives to be back to normal in the coming months.

Yet, we must also face the terrible fact that a more devastating malady continues to plague the world! The horrible disease to which I refer is SIN. Without a "cure" all men and women will succumb eternally. Fortunately, our Creator has provided the ultimate "vaccine" or solution to our problem of sin by sending His Son to die as an atoning sacrifice for us (1 Jn 2:2). As Christians, we must spread the message of salvation in Jesus Christ and obedience to the gospel.

Know God's plan for salvation so that you will be able to share it with anyone who is searching. **First**, we must believe and confess that Jesus is the Son of God (Jn 8:24 and Ro 10:9). **Second**, we must be willing and dedicated to repent or turn from sin and towards God's will (Acts 3:19). **Next**, we must put on Christ in the waters of baptism/immersion (Ga 3:27) so that our sins will be forgiven by God (Ac 2:38) and so that we will be saved (1 Pt 3:21). **Finally**, we must remain faithful to God until death in order to receive our eternal reward (Rv 2:10).

If someone had the vaccine for a deadly disease that had a 95% effective rate and kept it to themselves, we would think how selfish and terrible that person was. Friends, we have the 100% cure for man's sins. We must not fail to share that cure with the world that will certainly die in their sins if they reject and do not obey the gospel of Jesus Christ. (2 Th 1:8).
